

EZ540-875 PCD TOOL HOLDER– WIRTGEN TYPE 22

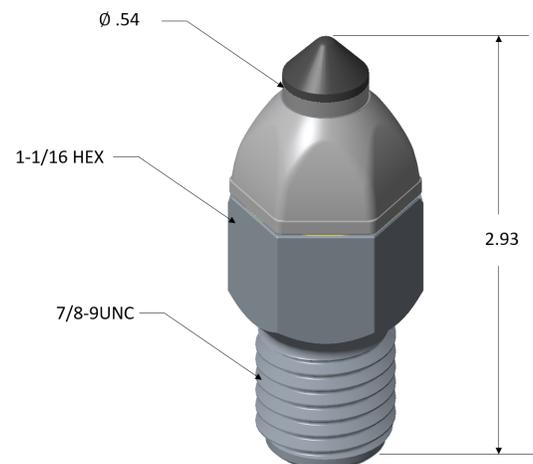

EZ22-875 Tool Holder

- Keystone's patented threaded diamond tool is the only rigid mount three piece diamond system: base block, tool holder, PCD tool
- Change PCD tools quickly with standard tools, no hydraulic presses or special tools required
- Taper on taper locking design provides a consistent locking depth, producing a smooth and uniform surface pattern
- Right and left threaded PCD tools constantly self tighten during the grinding process
- Keystone's D540-875 PCD tool can be adapted to any grinding system

Keystone D540-875 PCD Tool

- Improve productivity by extending tool life by 40X
- Reduce fuel consumption by increasing cutting efficiency
- Reduce overall maintenance cost of the machine by significantly reducing vibration
- Carbide bolster extends the life of the diamond
- Creates a smoother and more uniform surface pattern
- Improve employee work environment by requiring fewer tool changes
