

BIG EASY QUICK-CHANGE SYSTEM

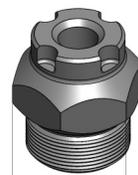

- Easy insert removal—unscrew holder with standard tools, no hydraulic presses or special tools required
- Interchangeable inserts provide unmatched versatility allowing for the use of multiple size shank bits for different mining applications
- Continuous Wrap Design—Keystone’s patented block to block welding technology insures superior strength in the most extreme mining environments
- Keystone’s patented threaded system provides more clamping force than industry standard taper systems creating a system that is stronger and lasts longer

Big Easy Base

Big Easy Insert
30-38 mm bit

Big Easy Insert
19-25mm bit
